UEI TSVEMGC755U7	CAGE 14ZD4	NAICS 236220 / 238290 / 423390	CSLB LICENSE #1142540 / B / C-61·D-28	SET-ASIDE DVBE / SDVOSB
---------------------	---------------	-----------------------------------	--	----------------------------

EVERY OPENING IS A CONTROL POINT.

DVBE- and SDVOSB-certified Division 08 procurement and material supply, with licensed furnish-and-install capability after project review.

01 CORE COMPETENCIES

Division 08 openings

- + **Hollow-metal doors and frames** — welded and knock-down, labeled assemblies
- + **Architectural wood and specialty doors** coordinated to the opening schedule
- + **Finish hardware** — locks, hinges, closers, exit devices, thresholds, seals, operators
- + **Fire-rated opening assemblies** — doors, frames, and hardware as one system
- + **Procurement and material supply** — sourcing through delivery, invoice, and record
- + **Selective licensed installation** after scope, schedule, and field review

03 DELIVERY MODEL

How Reystone engages

- 01 **PRIMARY**
Procurement + material supply under Reystone control.
- 02 **PROJECT-SPECIFIC**
Supply + selective installation after scope review.

04 COMMERCIALLY USEFUL FUNCTION

Transaction control

- + Source and evaluate the manufacturer or authorized distribution path.
- + Issue and control the purchase order for the awarded material scope.
- + Track freight, delivery, invoice, and supporting manufacturer records.

05 PROCUREMENT CONTROLS

Source + compliance review

- + Country-of-origin review using available manufacturer documentation.
- + Buy American and Build America, Buy America clause screening.
- + Landed-cost comparison across product, freight, lead time, and handling.

06 DIFFERENTIATORS

Why Reystone

- + Federal trade-compliance and import-review experience in-house.
- + CUF-controlled transactions with an audit-ready evidence file per PO.
- + Owner-led — one accountable point from quote through closeout.
- + Reads plans, specs, and hardware schedules like a contractor.

Bonding is available, subject to underwriting. License, certification, registration, insurance, and bonding status should be confirmed at time of bid or award. Reystone provides procurement screening and documentation support; final product-compliance determinations follow the solicitation, contract clauses, approved submittals, and manufacturer records.
