ABOUT

Reystone Construction is a veteran-owned, California-licensed contractor specializing in Division 08 doors, frames, and hardware for public works and commercial construction. We operate with a compliance-first approach, delivering submittal-ready documentation, code-aligned installations, and inspection-conscious execution that reduces risk for owners and general contractors.

CORE COMPETENCIES

- ◆ Hollow metal doors and frames (public works and commercial)
- ◆ Wood doors (architectural and commercial)
- ◆ Fire-rated door and frame assemblies
- ◆ Finish hardware (locksets, closers, hinges, panic devices)
- ◆ ADA-compliant hardware and operators
- ◆ Automatic door operators
- ◆ Access doors and panels
- ◆ Glass and glazing coordination
- ◆ Division 08 takeoffs, submittals, hardware sets, and keying schedules

DIFFERENTIATORS

- ◆ **Veteran-Owned & Operated**
Service-disabled veteran leadership with direct principal involvement
- ◆ **Compliance-First Operations**
Built for public works requirements, prevailing wage, and audit-ready documentation
- ◆ **Single-Source Division 08 Accountability**
Supply and install to eliminate coordination gaps
- ◆ **Inspection-Conscious Execution**
Fire-rated assemblies and ADA scopes installed to code and specification
- ◆ **Division 08 Focused**
Dedicated specialty contractor, not spread across unrelated trades
- ◆ **Supply Chain-Informed Leadership**
Graduate-level training in supply chain management (USC) applied to procurement, documentation, and delivery controls

PROJECT DELIVERABLES

- ◆ Division 08 shop drawings and submittal packages
- ◆ Hardware schedules, sets, and keying documentation
- ◆ Fire-rated assembly documentation (NFPA 80 aligned)
- ◆ ADA / CBC Title 24 compliance verification
- ◆ Certified payroll (DIR / eCPR)
- ◆ DVBE CUF documentation support
- ◆ Closeout packages with O&M manuals
- ◆ Manufacturer and installer warranty letters

PAST PERFORMANCE

Project history available upon contract award. Reystone Construction is actively pursuing Division 08 subcontract opportunities and is prepared to perform in accordance with public works and commercial specifications.
